III. THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.

A full copy of this Code can be obtained from the Fédération Equestre Internationale, Chemin de la Joliette 8, CH-1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English. The Code is also available on the FEI's website: <http://inside.fei.org/>

IX. COMPETITIONS DETAIL**CDIO3*-NC**

Team Competition: Grand Prix – All Athlete/Horse combinations entered

Individual Competition: Grand Prix Special – Open to the eighteen (18) highest ranked combinations from the Grand Prix, including ties for the 18th place, who opted for the Grand Prix Special*.

Individual Freestyle: Grand Prix Freestyle – Open to the eighteen (18) highest ranked combinations from the Grand Prix, including ties for the 18th place, who opted for the Grand Prix Freestyle*.

* After the Grand Prix, the repartition of starters must be as equal as possible between the Grand Prix Special and the Grand Prix Freestyle (i.e. twenty-five (25) combinations in the Grand Prix – twelve (12) in the Grand Prix Special and thirteen (13) in the Grand Prix Freestyle).

Team Classification:

The FEI Dressage Nations Cup Team Classification is based on the results of the Grand Prix Competition.

For Teams of four (4) Athletes, the result of the Athlete with the lowest percentage (%) will be the drop score. If a team has less than three (3) Athletes that recorded a score (due to elimination, with drawl or disqualification), the team will not be classified in the FEI Dressage Nations Cup Classification for that Event.

The Team Classification will be determined by the total sum of three (3) best results in percentages (%) in accordance with the following table:

	Athlete 1		Athlete 2		Athlete 3		Athlete 4	Total Team result
Teams of 4	75,217%	+	70,043%	+	68,413%	+	67,348% drop score	213,673
Teams of 3	75,217%	+	70,043%	+	68,413%	+	—	213,673

The winning team is the one having the highest total score of their three (3) best Athletes, the second placed team is the one with the next highest score and so on.

Ties. In case of equality of scores, the higher ranked team will be the one whose lowest classified Athlete out of the three (3) has the best result.

The final team result counts towards the overall FEI Nations Cup™ Standings.

Percentages: all percentage calculations must be rounded up or down to three (3) decimals after the decimal point as per the following principle: 0.0011-0.0014 down; 0.0015 – 0.0019 up.

CDIOU25

Per team a maximum of 3 athletes may participate in Team Competition (the results of the 2 best athletes count towards the team classification)
